利用BCE (Bio Current Energy) 生物電流，融合中醫概念通過刺激感覺神經纖維，舒緩神經、暢通經絡、行氣活血，並有助於緩解肌肉酸痛及疲勞，實現無痛無創仿針灸功效。從而減肥塑形。協同35-50°C溫感治療，以預防溫度恆溫按摩，可達到通通經絡、行氣活血、逐寒散結、活化細胞，更能去除身體寒氣，都可改善。具備8種按摩波頻，取代人手推拿和按摩，有助流通經絡、驅寒祛濕、暖宮養生、舒緩肌肉繃緊，按摩深層肌肉。

By using BCE (Bio Current Energy) bioelectric current and integrating the concepts of traditional Chinese medicine, by stimulating sensory nerve fibers, it soothes nerves, unblocks meridians, promotes qi circulation and blood circulation, and helps relieve muscle soreness and fatigue, achieving painless and non-invasive effects similar to acupuncture therapy, achieving weight loss and body shaping. In combination with the 35-50°C temperature-sensing therapy, by pressing at a preset constant temperature, it can achieve the effects of warming and unblocking meridians, promoting the circulation of qi and blood, dispelling cold and resolving nodules, activating cells, and even eliminating coldness in the body, all of which can improve the condition. It features 8 types of massage frequencies, replacing manual massage and manipulation. It helps unblock meridians, dispel cold and dampness, warm the uterus for health preservation, relieve muscle tension, and massage deep muscles.
